MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached PTO/SB/08. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

This Information Disclosure Statement is filed more than three months after the U.S. filing date, OR more than three months after the date of entry of the national stage of a PCT application, AND after the mailing date of the first Office Action on the merits, whichever occurs first, but before the mailing date of a Final Office Action or Notice of Allowance (37 CFR 1.97(c)).

A copy of each reference cited on the PTO/SB/08, except for "CDS Automated receipt giving cash deposit system," is included herewith. The missing reference could not be found by applicant after a reasonable search. This reference was previously cited, however, in the following prior applications and patents and initialed by the respective examiners: 08/689,826; 09/035,273; 6,494,776, 6,484,863; 6,854,581; 6,736,251; 6,758,316; 5,799,767; and 6,047,807. Therefore, the applicant respectfully requests that the Examiner refer to the prosecution file of one or more of these previous applications/patents to obtain a copy of the missing reference.

A summary/abstract translation of each non-English language reference not marked with an asterisk (\*) is enclosed. No abstract is available for those references marked with an asterisk (\*). If Examiner would like these references translated, please advise the undersigned attorney.

Those references marked with two asterisks (\*\*) are not dated. The applicant was unable to determine the dates of these references after a reasonable investigation. The applicant assumes that these references antedate the earliest date of priority of the present application (September 4, 1992), and would like the Examiner to assume this date for the purpose of considering the references and advancing prosecution. However, the applicant expressly reserves the right to reject this date and confirm the actual date of these references in the event the Examiner determines one or more of these references are material to one or more claims in the present application.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

Application No.: 10/733,522

Docket No.: 213828001US19

It is submitted that the Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed references.

Our check in the amount of \$180.00 covering the fee set forth in 37 CFR 1.17(p) is enclosed. The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 50-0665, under Order No. 213828001US19. A duplicate copy of this paper is enclosed.

Dated: June 23, 2005

Respectfully submitted,

By
